FRANK KEENAN in "THE BELLS"

The first and only picturization of Henry Irving's world famous dramatic
success. A intensely interesting story of Alceste-Lorraine in the
days of the early 19th century. Pathe feature.

MAKE THE VICTORY LOAN A SUCCESS

Toronto, Nov. 5.—F. R. Wood,
chairman of the Dominion Exe-
cutive of the Victory Loan, made
the following comments on the
success of the campaign to date:

"The campaign is now practically
all finished. The success to
date has been due in large
measure to the fact that investors
who have so far purchased bonds
have bought more than they did
in previous loans. The number of
subscribers is as yet below the
number who bought bonds up to
the same time last year.

"The total subscriptions re-
ported so far aggregate \$28,800,
which is a satisfactory result
for the time expired. It must be
remembered, however, that this
total includes a very large pro-
portion of the big subscriptions
available, and in order to make a
success of the loan it will be
necessary at this time to make
the medium and smaller sub-
scribers shall come forward
in very great numbers. It is only
necessary for those who have not
yet subscribed to the loan and
who are able to do so to sub-
scribe on the same relative scale
as those who have already
bought bonds in order to insure
success.

"The rate of interest carried by
the bonds, namely 5½ per cent, is
the same as on the loans issued
in the dark days of the war, all of
which loans are selling at sub-
stantial premiums. As a matter
of fact, this new loan is particu-
larly attractive from the stand-
point of the small investor. This
is Canada's final financial war ef-
fort and it is not only good busi-
ness but good patriotism for every
Canadian to become the owner
of a Victory Bond. Let every
man and woman in Canada buy
bonds to the limit of their present
resources and prospective
savings of the next ten months.
The banks will gladly lend the
necessary funds."

THE FIRE BRIGADE

Editor Review-Advertiser:

Dear Sir—Kindly permit me
to occupy some of your valuable
space with the object of drawing
the attention of the citizens to
the condition of the fire brigade
at the present time.

Last issue of your paper you
inserted a notice to the effect
that a meeting of the citizens
on Tuesday evening at the coun-
cil room, was called by the May-
or for the purpose of re-organizing
the fire brigade. Later on
posters were printed and distrib-
uted with the result that the
Mayor, two councillors and two
other rate-payers were present.
On account of the smallness of
the gathering, nothing was done,
and the condition of our fire
brigade remains the same as it
has been for some time, which is
about as follows, to explain:

Last spring the council suc-
ceeded in interesting the fire
boys to the extent that they sub-
mitted certain proposals to the
council with a view to putting
the fire apparatus in a more up-
to-date shape. This involved the
outlay of some capital, and the
council suggested that if the fire
boys would agree to do a part,
the council would do all in their
power to put things in first class
shape.

The part the boys were to do
was to try and raise a small sum
of money amongst the ratepayers
and the council would do the rest.
This effort on the part of the
boys was met with such open
hostility that they abandoned the
scheme, and as the council could
not handle the matter alone,
nothing was done. Shortly after
this Mr. Blochman, the then fire
chief, left the town and since
that we have been without a
chief, or in fact, even a brigade
of any kind.

The council have been repeat-
edly trying to get the citizens
and fire boys together with the
result as described at the open-
ing of this letter.

It is true that we still have the
apparatus at the fire hall, but
what condition it is in, nobody
knows. There is also a room at
the rear of the fire hall which can
be used as sleeping quarters for
two of the boys, but at present it
is at the disposal of any chance
wayfarer who may happen to be
in search of cheap lodgings.

The meeting Tuesday night
was called to order by the Mayor
and on motion of Mr. Watt, sec-
onded by myself, it was pos-
tponed until Wednesday the 12th
inst, at 8 o'clock, in the same

place and for the same purpose.
Citizens kindly note this date
and wake up before some bad fire
hits, if for you when it will be
too late to organize or even find
fault with the management.
Thanking you Mr. Editor, I
remain,

Yours,

W. C. Miller.

MARRIED

On Thursday evening at 8
o'clock at the residence of the
bride's parents, Warren T. Wal-
ker and Frances A. Palmer, mar-
ried daughter of Mr. and Mrs.
Fred Palmer, were united in mar-
riage, Elder C. F. McVagh of
Calgary, officiating.
The house was tastefully de-
corated in green and white. The
bride's dress was white silk crepe
de chene. She carried a bouquet of
white rose buds and ferns.
The bridesmaid was Miss Fern
Palmer, sister of the bride. She
carried a bouquet of white roses
and ferns. Mr. Paul Lepard was
best man.

The young couple received
many valuable presents.

Rest With Nature

The closer you follow the rules
of Nature the more you will ac-
complish, and the longer you will
live. Even Nature takes her rest
during the winter months—why
not you? Spend this winter at
the Pacific coast, where you can
enjoy summer pastimes, ride mo-
tor, golf, in the big outdoors.

The Canadian Pacific Railway
operates three through trains daily
to Vancouver including the
fast all-sleeping car train "Trans-
Canada Limited." See the mag-
nificent mountains in their win-
ter garb; the open seas and green
fields—all this and more await
you at the Pacific coast.

Call or write for full particu-
lars to any agent of the Canadian
Pacific Railway.

Lend the crippled soldier a
hand—Buy Victory Bonds! He
has one leg! You have two
hands to help him—hands to
hold Victory Bonds.

When you buy Victory Bonds
you have an investment you can
be quite sure of.

November 11 has been set for
national fish day.

TOWN OF CLARESHOLM

FRIDAY, NOVEMBER 7, 1919

CONDITIONS IN POLAND
(Lutheran Church Herald)

"Let us do good unto all men, especially unto them who are of the house hold of faith."

A broken harp lies there in Europe. The winter winds are about to play upon it. "This Poland! the land of Chopin and Powdewski. Through a mist of melancholy there rises a mighty minor chord."

For many generations she has known misery. Now new and very intense suffering to such extent has come that only the long look of Christian optimism is able to see that these things shall reveal the possibility of relief.

Conditions in Poland are most distressing because of lack of medical aid, sanitation, food, and clothing.

Here are some of the reports that have come from workers: "I saw many sick, hungry, uncared for children, too weak to eat or cry." Men, women, children, horses and cows (if a family is lucky enough to have them) are all lying together in the ditches, in fox holes, in open valleys along the road, or in the open with no covering or shelter from the heavy rains.

"Children are full of typhus, smallpox, and cholera."

"In one hospital near women and children were lying on the floor in small airless rooms with only one dirty blanket."

"Very few factories are running, so that the girls are clearing up buildings that have been burned or blown up, and helping in the public gardens."

Where a factory is running, conditions are very primitive.

"The girls simply went into the factory, hung up their shawls on anything handy and went to work. Few of them wore more than one garment, and some of them had shoes or stockings."

One committee, members of which have very recently returned from Poland, have brought similar reports. One of them, Prof. M. J. Stule, has this to say about conditions:

"Never shall I forget the scenes near Kaniow in the south-east of Poland. The refugees, lately returned from Russia, sat among the ruins of their homes and in rage and lament. And I felt how hungry they all looked! They had no food. Nothing but weeds and tatters. For months they had lived on this sort of 'food' and now they were so weak that many could not stand on their feet. Instead of horses they lived in holes or ditches. Many of them were maddly and dying. We found them all over the ground in these holes, sick and gasping from typhus, consumption, and starvation. Most of these unfortunate souls would be able to live through the winter."

The minor chord is both distressing and beautiful. Distressing because of its melancholy strain, beautiful, because the heart that hears feels a kinship in the sorrows of every man.

Our Lutheran church is giving her women the opportunity to make practical the beauty of the minor chord.

Although Polish patriotism is melancholy, it is inspired by an enthusiastic faith in freedom. The women of Poland have done much to hold this faith. They are heroic, courageous, determined, and firm. In the things that relate to the preservation of this national spirit of freedom, they are regarded as the "saviors of the land."

The common people of Poland have a strong religious consciousness. Their country is generally considered to be exclusively Roman Catholic and Jewish. But of our own Lutheran faith there are about 2,000,000 many of whom are found in official positions and among those who stand for the highest interests and ideals.

These fellow Lutherans have suffered unexpectably during the war and after. We are now trying to do for them what we have done for ourselves. They need sanitation, education, and recreation. They need thousands of bibles, for they have had none for many years. But the most imperative need just now is warm clothing.

Contributions in the form of

Which are you going to have \$45 or \$82.50

IF you have \$100 in the Savings Bank it will pay you 3 per cent. interest, or in fifteen years, \$45.00.

IF you take that money out of the Savings Bank and invest it in Victory Bonds, Canada will pay you 5½ per cent. interest on it, or in the same time, \$82.50

BUY Victory Bonds and get more interest

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.

money or clothing, or both, for the needy people of Poland will be gladly and gratefully accepted and forwarded by Rev. H. J. Fattand, phone 472.

There is an agitation in town at the present time to establish a regular Sunday evening concert after the church service is out. Some have suggested that it take the form of the Calgary Forum and that speakers be arranged for each week to discuss subjects of interest. No doubt it would be a splendid thing. The only difficulty would be the matter of finance. To pay for the orchestra, the speakers and the hall would mean a weekly expense of about fifty dollars. Yet after all why should such an additional expense be necessary? There are at present in town four regular pastors and two others visit the town occasionally. Four churches are open every Sunday and sometimes as many as eight different services are held. Is it that the churches are not meeting and cannot meet the needs of

the community? Those who regularly attend the churches will be glad to see that the churches could meet the needs of the community. We would suggest that very need, if the people would only attend them, and use them as agencies for the leaders in the church to see to it that the two forces cannot be combined in order to better meet the intellectual, aesthetic and spiritual needs of the community.

The half of the Clareholm citizens who never go inside a church would say that the churches are of little use to them. There should be a meeting point for these two factions in our community. If they could in some way be brought together to discuss the community needs and the defects in the churches there is no reason why "desert Sunday afternoon" or after church concerts or discussions could not be arranged. We are aware of the many difficulties that would have to be overcome. It is not, but one good church matter would be simple. Six different churches in the town is not conducive to a community spirit. Such a meeting as has been suggested might assist greatly in creating a community spirit by bringing together once a week adherents of the various

Only \$2.50 Everywhere in North America

Thirty-five volumes of the best reading—in weekly installments for less than five cents a week that is just what The Youth's Companion offer for 1920 really mean. The contents of the volume, which will include 8 serial stories, over 200 short stories, 50 or more articles by men of distinction, sketches and special departments, would make 35 good volumes (at \$1.68 each) if published in book form. And there over the government. This is now a uniform flat price of

\$2.50 to all subscribers in Canada and the United States.

If you subscribe to you as you see this notice you will receive all the extras mentioned in the following order, including the copy of Capt. Theodore Robert's Up-river Folk Stories.

New subscribers for 1920 will receive:

1. The Youth's Companion—52 issues in 1920.

2. All remaining weekly 1919 issues.

3. The Companion Home Calendar for 1920.

All the above only \$2.50 anywhere in North America.

The Youth's Companion, 887 Commonwealth Ave., Boston, Mass.

In the Cochrane by-election on Monday last, Alex Moore, the U. E. A. candidate, was elected.

U. E. A. candidate, was elected by a majority of 145.

Victory Loan 1919 Is Bridge Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan.

Why is it necessary to have another Victory Loan? Have you heard this query? Or have you asked it?

The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our boys won that. The reconstruction period is dawning and we at home must win that.

Much of the money that Canada is asking for will be needed to clean up the war debt. The expenses of demobilization were heavy, and there is still much of it unpaid. Now that our men are back, let it not be said that we repudiated the debt for bringing them back.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are returned men needing attention.

Many men through disability are unable to return to their pre-war occupations. The Department of Soldiers' Civil Re-establishment is doing a fine work in training returned soldiers in trades and professions that they can earn a living at, and following up the training and seeing that they obtain remunerative employment. The maintaining of this branch of reconstructive service calls for much funds, and the Victory Loan will be used to pay for it as well as the other purposes.

Under the Soldiers' Land Settlement Act, emergency money is lent to returned soldiers to enable them to buy and stock a farm. This money will be repaid at a low rate of interest. The soldier is thus given a chance to rebuild his life in civil life, and production is given a boost. The total amount of the forthcoming loan, \$24,000,000 has been apportioned to finance these soldier-farmers.

Pensions to the disabled and dependent of our glorious dead, as well as the authorized gratuities will be taken from the Victory Loan. These are some of the obligations owing to the returned soldier who is now in health.

The maintaining of Canada's prosperity is an important reason why the Victory Loan should be a smashing success. The money is needed to finance the credits to overseas countries so that they may continue their trade relations with us. If Canada cannot give these credits other countries will, and then Canada will lose all that great overseas trade that has been the mainstay of our agricultural and industrial life for so long.

As an investment Victory Bonds are excellent. Paying 5½ per cent. selling above par on the open market, guaranteed by the Government—what further reason can you have for hesitating? The Victory Loan 1919 might be too over-subscribed, and all right-thinking citizens will do their utmost to see that such a result is obtained.

TO CARE FOR WOUNDED

Money From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France had perils other than those of shell and gas and machine-gun fire. There was the peril of tuberculosis. Up to August, last, 3,919 soldiers suffering from this disease had been returned to Canada. These were placed in sanatoriums under the direction of the Department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that must be maintained, and come under the head of capital war outlay.

All of these men and some 25,000 others, disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money is forthcoming.

Credits Must Be Established for Sale of Surplus Products.

Success of Victory Loan 1919 Will Insure Steady Markets for Farmers.

It takes some six bushels of wheat to make one bushel of flour. The average Canadian farmer produces eight bushels annually. Roughly, therefore, the eight bushels of wheat, which would make up 48,000,000 bushels each year, are in the pool year after year. Some few times that amount, and the surplus must be sold if the farmers are to get a return for their time and labor. But the sale of the crop may be disastrous. It is the sale of the surplus grain that provides our greatest market, and the government must see that it is sold at a price that will make the farmer's life a success.

Your dollar may be the last straw that swamps the Victory Loan when the government takes the chance of making it a failure?

Lead your money that your boy or girl may be always fitted, as will follow the successful Victory Loan.

Victory Bonds are the tender that keeps the machinery of Canada's industrial world running at full speed.

HAY--Come in and see us if you are needing hay.

R. S. Law - Manager

AN APPEAL

A heartrending story has come to the Lutheran Church of conditions among our fellow-Lutherans in Europe. We have definite information concerning conditions in Poland and the former Baltic Provinces. Soon our European commissioners will report what they see in Austria, Hungary, Germany, etc.

The need is appalling. Unless immediate help is sent, thousands will freeze and starve. Winter is at hand. Immediate action is necessary. God pity us and our needy brethren. We feel the executive committee of the National Lutheran Council has decided to respond to the urgent and repeated appeals that come to us from our troubled and suffering brethren overseas by asking the Church at home to make an immediate collection of used clothing. In our plenty we cannot be deaf to the cries of those who have nothing.

The plans for receiving, baling and packing the clothing are rapidly being completed. Arrangements for the transportation have already been made. Our European commissioners are arranging for the distribution of the clothes in Europe through the pastors and officials of the Church.

At least 2,000 tons of clothing is needed. Much more can be used. In order to take care of the packing and shipping, twenty-five cents should be sent with every pound of clothing.

Our Lord has blessed us. He would bless them through us--National Lutheran Council.

Bring your contributions to Rev. H. G. Fatland, or phone No. 172 and we will call.

You had better protect your family from the COAL SHORTAGE

by equipping your house with Storm Doors and Storm Windows. Will pay for themselves in one season's saving of fuel. Do not wait until cold weather, but place your orders now.

D. A. ANDERSON

Claresholm Local News

"Mickey" is coming to the Rex Monday, November 17.

J. A. Harrison and wife were in Lethbridge on Monday.

Harry Gordon of Three Hills spent a few days in town this week.

Miss Naysmith of Spokane is visiting Mrs. L. G. de Forest for a few weeks.

Mayor Lewis attended the Victory Loan conference at Calgary last Saturday.

Stanley Ferguson and Russell Haig are both working in Annabelle's store for a time.

Ralph Lepard left on Saturday for Rochester where he expects to undergo an operation.

Dr. McKay of Calgary, son-in-law of Mr. Ed Canessa, died in Calgary of appendicitis, Thursday.

Chas. Harrison and his brother returned home on Friday after being away with the C. P. R. painting crew.

Mr. and Mrs. S. L. Fraser went to Calgary on Thursday morning and will spend a few days in the city.

The Rev. W. A. Lewis B.A. of Madoc, will preach in the Methodist church next Sunday morning and evening.

The Rev. Canon Hayes of Calgary will conduct services in the Church of England on Sunday 9th November at 11 a.m. and 7:30 p.m.

The Victory Loan campaign has been undered somewhat owing to the cold weather. All who intend taking bonds should do so as early next week as possible.

Apples are plentiful this fall. Very recent unloaded a car this week and has rented Fraser & Peck's old office to store those that are unsold. The U. F. A. also unloaded a car this week.

The skating and curling usually begins when the winter is half over. We hope this year will be an exception to the rule and that both rills will get busy to provide winter sports during the whole of the winter.

The funeral of Mr. Bert Curtis took place last Tuesday. Rev. Baker of Calgary, pastor of the Apostolic church of that city, was present and conducted the service. Quite a number of friends were present.

The Editor attended the Victory Loan conference at Calgary last Saturday. Sir Henry Drayton, Minister of Finance, was the principal speaker. The meeting was enthusiastic and confidence was expressed that Northern Alberta would go over the top.

The great picture "Mickey" is coming to the Rex on Monday, November 17, for one night only. This film had a run of 18 weeks at the Grand Opera House, Toronto--a record never equalled by any other picture. An eight weeks' run in Winnipeg, and three weeks in Calgary.

"The Bell," a drama which has run continuously for nearly fifty years on the speaking stage, first produced in Paris in 1809, by Henry Irving in London in 1871, by every actor of note ever since, now immortalized on the screen in 1919 by America's greatest character actor, Frank Keenan. Rex, next Friday and Saturday.

It is reported that no one attended the annual meeting of the U. G. G. for Claresholm. There are about 130 shareholders in the company in this district and it certainly looks as if there is little interest taken by the farmers when no one but the secretary attends the annual meeting. The business of the meeting was to elect the board of directors and the delegate to the annual convention.

Prepare yourself for one of the finest treats of the season. Prepare to see this wonderful stage success, "A Little Brother of the Rich," written by Joseph Medill Patterson, whose sensational play was the talk of millions of people in every representative city and town throughout Canada and the United States. A truly fascinating story of society and the foot-lights that will send you away from the theatre with a thrill of joy. You simply cannot afford to miss it. Rex Theatre next Monday and Tuesday.

Music lovers who attended the concert held in the Rex theatre on Sunday, were afforded one of the treats of the season, as evidenced by the applause given each number rendered by the "Harmony Five" assisted by Mr. H. Soley. It is the intention of the orchestra, in conjunction with Manager Edmond, to give a series of five or six concerts, provided the public afford the necessary support to defray expenses.

Three of the members of the orchestra are from out of town, and at future concerts the management hope to enlist the aid of some of Claresholm's talented singers and elocutionists to make the program more interesting. The next concert will be held on November 16th starting at 9:15, so that it will not interfere with church services.

Did you see this wonderful play, "A Little Brother of the Rich" on the stage? Did you ever read the story? Then you have one of the biggest treats you ever had in store for you. Written by the famous Joseph Medill Patterson, owner of the Chicago Tribune, and starring Frank Mayo, Kathryn Adams, and J. Barney Sherry, it comes to us today to bring one of the finest moving picture productions in many, many months. It tells a fascinating story of society and the foot lights. It's the kind of a story you'd walk ten miles through the snow to see, and if you miss it just come yourself out, for you won't see another such gem of a play in months. We have termed it an engagement extraordinary. You will agree with us after you've seen and hugely enjoyed it. Rex Theatre next Monday and Tuesday.

Lutheran Services

Divine worship on Sunday, Nov. 9th, in Claresholm at 11 o'clock, and in the Clear Lake school at 3 p.m. The Ladies Aid meets with Mrs. M. Matson on Thursday, Nov. 6th, at 2 p.m. The Lutheran Y. P. S. meets at the home of Rev. and Mrs. Fatland, Sunday, Nov. 2nd, at 8 p.m. and the half-hour Luther League meets in the Prairie Hill school at 3 p.m. You are cordially invited to those services.--Rev. H. G. Fatland, Pastor.

Gard of Thanks

Mrs. Bert Curtis wishes to thank all those who so readily and generously rendered assistance during her recent sorrow and bereavement.

BUSINESS LOCALS

Admit Germans to Labor Conference

Washington.—Germany and Austria are to be admitted to the international labor organization, "with the rights and obligations possessed by other members."

A recommendation to this effect was adopted by the labor conference with but one dissenting voice.

The debate was spirited and prolonged, but ultimately it came to an unanimous end, under the closure rule. The vote for admission stood 71 to 1, the one vote being that of Louis Guerin, French employers' delegate. There was also one abstention. Jules Currier, Belgian union players' delegate, did not vote either way.

The Belgian government delegates voted for admission, not, as they emphasized, because they wished to admit the Germans, but because of economic necessity.

The four Canadian delegates all voted for the motion to admit. On the previous motion to apply closure, however, they divided. Mr. Parsons, employers' delegate, and Mr. Dwyer, workers' delegate, voted against the motion.

The two Canadian government delegates, Mr. Rowell and Mr. Acland, who is substituting for Mr. Robertson, voted for it. The vote on the closure motion stood: For, 65; against, 10.

The attitude of the Canadian delegates toward the motion for admission was determined at a meeting of the delegation held prior to the debate in the conference hall.

The question was thoroughly discussed from all standpoints. It was then determined to support the recommendation of the committee on the main ground that, from the economic point of view, it was essential that the labor industry should be brought within the scope of the restrictions laid down in the labor annex to the League of Nations covenant.

Future Depends on Navy
London.—Speaking at the Navy League, Walter Hume Long, First Lord of the Admiralty, said that while the country had been told to look to new forms of protection, it must not forsake the substance for the shadow. The "peaceful future of the world is inseparably associated with the policy the country is going to pursue with regard to her naval forces."

Werner Horn Found Guilty
Fredericton, N.B.—Werner Horn was found guilty on the charge that he dynamited the Canadian end of the international bridge at St. Croix, N.B., on February 2, 1915. The jury was out only 13 minutes. Horn, who conducted his own defense, said he was a German officer and was acting under orders of the German government in war time.

Drury is Chosen Premier of Ontario

Toronto.—E. C. Drury is to be the next premier of Ontario, succeeding Sir William Hearst. Mr. Drury was the unanimous choice of the Farmers of Ontario and Labor representatives at the new legislative assembly joint conference at the U.E.O. headquarters.

It is understood that the meeting was very harmonious and that there was an indication that the two groups, pulling well together in the house, though both the U.E.O. and Labor will retain their group features to a considerable extent.

Premier-elect Drury said that the new government was practically completed, that all the portfolios had been allocated, and that the government would be ready on short notice to take over the reins from Sir William Hearst and his ministers.

The policy of the United Farmers so far as it has been definitely agreed upon is outlined in an address given by Mr. Drury after his selection.

In this he stated that one of the first acts of the new government would be to carry out the mandate of the people of the province in production, as declared in the recent referendum vote, and Mr. Drury expressed his will as in complete sympathy with the mandate. He pointed out that the U.E.O. had won a great victory in this, and that this policy would be continued, he said.

He intimated that the new gov-

Labor Maintenance

Sum Owning

Dominions Paying Interest Which Would Be to State's Advantage in Future

London.—In the house of commons Col. Winston Spencer Churchill, secretary of state for war, said that the British dominions owed the war debt of £250,000,000 for the maintenance of troops in the field.

"We do not now anticipate receiving more than fifteen million pounds from Australia in the present year," said Mr. Churchill, "owing to financial difficulties there, but the remainder was a perfectly good debt, and which the dominions were paying interest and which would roll forward for the state's advantage in future years."

Aliens Deported

Men Were Held in Internment Camp and Sailed From Canada on October 27

Winnipeg.—Ten of the aliens arrested in this city during the riots of June 19 have been deported, according to information received here. The men had been held in the Kapuskasing internment camp, Ontario, and sailed from Canada on October 27.

One man who had been arrested at the same time, a Russian, who had served four years overseas with the 51st Battalion, is still in the internment camp, according to information of officials of the Labor Defense League.

Melting of Coins
Order Making Illegal Breaking Up of Silver Coin Currency

London.—Austin Chamberlain, chancellor of the exchequer, announced in the house of commons today that an order has been issued making illegal the melting or breaking up of silver coin currency. The export of British silver coins is prohibited and steps are being taken to prohibit the export of silver bullion except under license.

The situation, the chancellor added, is being carefully watched, and he hoped further action would be unnecessary.

Britain's Final Aid to Deshine
London.—In defending the army expenditures, Secretary for War Churchill announced that the cabinet had approved a final contribution of £10,000,000 to General Deshine, the anti-Bolshevik leader in North Russia. The value of the contribution is being approximately £15,000,000 sterling, and it would be dispatched during the winter.

Proportional Representation
Winnipeg.—A bill providing for proportional representation for Winnipeg will be introduced in the next session of the provincial legislature, it is stated. Winnipeg would be the only district affected, as the city constituency is the only one in the province where there are more than one member.

War on Illegality
An Americanization bill to wipe out illegality in the United States, was reported on favorably by the senate labor committee. The bill would appropriate \$12,500,000 a year.

Melons Grown in the West
Washington.—The melons of the west are being marketed in the east, and the international labor office to be established under the League of Nations. The point at issue is regarded by the Canadian delegation as one of the greatest questions. It involves the right of Canada, by reason of her industrial importance, to name one of the members of the governing body rather than to take her place as one of the nations of lesser importance, from the industrial point of view.

The international labor office (which will be controlled by the governing body), forms part of the permanent organization created to further application of the labor principles enshrined in the peace treaty. Its governing body is to consist of 24 members. Twelve will represent the employers' delegates to the international labor conference, six will represent the workers' delegates to the conference.

If the twelve government representatives, eight will be nominated by the members of the conference which are of chief industrial importance. The remaining four will be nominated by the other government delegates to the congress. The govern-

ing body will consist of 24 members, comprising which, eight nations are designated important. The League of Nations empowered each to name a representative on the governing body. The organizing body of the labor conference has reported in favor of the following:

United States, Great Britain, France, Italy, Belgium, Japan, Switzerland and Spain.

If German delegates are admitted to the conference, Germany, by reason of her industrial importance, will be entitled to a seat on the governing body, and Spain being at the end of the list will cease to be numbered among the nations.

New position taken by Canada is that she should rank as one of the eight nations of "chief industrial importance" and that she should be empowered a protest. The Dominion government holds that she is entitled to be so regarded on the grounds:

(1) Of production of goods.
(2) Of relative industrial importance.

When the council of the League of Nations convenes, and this is expected about June 28, the protest will be one of the first questions for education.

Alleged Evasion Of Immigration Law

Claim that Hutterites Get Into Canada By Automobiles

Winnipeg.—Finding it a difficult job getting into Manitoba from the United States by train, Hutterites, it is alleged, are trying to enter the immigration authorities by entering in automobiles. Reports to this effect were submitted at a meeting of the Great War Veterans' association, with a result that a resolution was unanimously passed calling the attention of the federal government to the matter and urging it to take immediate steps to see that the regulations prohibiting the entry of Hutterites into Manitoba were not evaded in what was described as this astute way.

The Sugar Shortage

Licenses to Export Sugar Cancelled By Canadian Trade Commission

Ottawa.—No export licenses of sugar from Canada are being issued, and old contracts which called for the shipment of sugar to the United States have been cancelled by the border points commission, which has been permitted to some extent in the past, has also been stopped, despite the many hundreds of requests for sugar received by the trade commission.

At the office of the commission it was stated that the export of sugar is controlled by the committee, there is sufficient sugar in Canada for domestic use, providing there are no strikes or transportation tie-ups.

Canada is one of the best situated countries in the world in this respect, it was stated.

To Solve Fiume Question

France and Britain Are Again Trying to Bring About Settlement of Problem

Paris.—Efforts of France and England are again being brought into play to bring about a solution of the Italian-American difficulties over the settlement of the Fiume problem, according to the Liberator.

The newspaper reports that the American proposals is unchanged and that the response of Secretary of State Lansing is in the negative.

Premier Clemenceau received Foreign Minister Tittoni.

Heavy Potato Loss in Manitoba
Winnipeg.—Manitoba has sustained a loss of about 2,800,000 bushels of potatoes, frozen in the ground, which at market prices today, \$1.25 per bushel, means a loss of \$3,500,000 and represents a loss from 30 to 40 per cent of the entire crop. Dealers say there will be a serious shortage in the province this winter.

Germany May Not Hand Over Ships
Berlin.—Die Deutsche Allgemeine Zeitung says unsatisfactorily that the reply of the German government to the note from the inter-allied council at Paris, demanding the surrender of German ships said to Holland during the war, will probably be in the negative. The note will declare that the government is unable to endorse the legal arguments of the estate that the sale of these ships, which are now in German waters, was invalid.

To Withdraw British Troops
London.—Andrew Bonar Law, government leader in the House of Commons, announced that the government was arranging with France and Poland to withdraw the British troops from Syria and the assumption of the duties of occupation by the French and Arabs, pending the conclusion of the peace treaty.

War on Illegality
An Americanization bill to wipe out illegality in the United States, was reported on favorably by the senate labor committee. The bill would appropriate \$12,500,000 a year.

Melons Grown in the West
Washington.—The melons of the west are being marketed in the east, and the international labor office to be established under the League of Nations. The point at issue is regarded by the Canadian delegation as one of the greatest questions. It involves the right of Canada, by reason of her industrial importance, to name one of the members of the governing body rather than to take her place as one of the nations of lesser importance, from the industrial point of view.

The international labor office (which will be controlled by the governing body), forms part of the permanent organization created to further application of the labor principles enshrined in the peace treaty. Its governing body is to consist of 24 members. Twelve will represent the employers' delegates to the international labor conference, six will represent the workers' delegates to the conference.

If the twelve government representatives, eight will be nominated by the members of the conference which are of chief industrial importance. The remaining four will be nominated by the other government delegates to the congress. The govern-

ing body will consist of 24 members, comprising which, eight nations are designated important. The League of Nations empowered each to name a representative on the governing body. The organizing body of the labor conference has reported in favor of the following:

United States, Great Britain, France, Italy, Belgium, Japan, Switzerland and Spain.

New position taken by Canada is that she should rank as one of the eight nations of "chief industrial importance" and that she should be empowered a protest. The Dominion government holds that she is entitled to be so regarded on the grounds:

(1) Of production of goods.
(2) Of relative industrial importance.

When the council of the League of Nations convenes, and this is expected about June 28, the protest will be one of the first questions for education.

Turkish Question For New Conference

Entente Representatives Are Permeated U.S. Will Not Voluntarily Accept Mandate

Paris.—The entente representatives in the peace conference apparently are permeated that the United States will not voluntarily accept any mandate in the Near East, and it now seems assured that the Turkish question will not be touched by the present peace conference, but will probably be taken up by another conference to be held within a few months.

There is much speculation as to where the conference for the division of Turkey is to be held. It will probably not be in Paris. The suggestion of Geneva has not met with great favor, as it is not regarded as a good place for a winter conference, and it is believed that Turkey must be disposed of before spring.

To Relieve Distress

Preparations Being Made in U.S. to Supply War Soldiers in Europe

Washington.—The government, confronted with the refusal of the United States to call off the dogs of a half million not contented soldiers, has moved swiftly to protect the home from great distress.

First of many steps to deal with the situation admittedly created probably will be these:

"Anglo police officer protection for soldiers willing to surrender their job as urged by President Wilson."

"Revival of the federal administration, armed with full war-time powers to prevent hoarding and profiteering."

"Allocation and distribution of coal to hospitals, railroads and industries."

"The government, however, will make no effort to bring about indictment of officers of the United States Workers of America, who called the strike, on charges of conspiracy to restrict production of a necessary product."

Sugar Rations to Candy-Makers
Washington.—Rationing of sugar to manufacturers of candy, soft drinks and the like is soon to be suggested by the sugar equalization board, a house war investment committee was told by Herbert Hoover, former federal food administrator.

This step by the board, Mr. Hoover said, resulted from the fact that "raw sugar has risen beyond the point where it can be bought advantageously for the housewife."

Germany May Not Hand Over Ships
Berlin.—Die Deutsche Allgemeine Zeitung says unsatisfactorily that the reply of the German government to the note from the inter-allied council at Paris, demanding the surrender of German ships said to Holland during the war, will probably be in the negative. The note will declare that the government is unable to endorse the legal arguments of the estate that the sale of these ships, which are now in German waters, was invalid.

To Withdraw British Troops
London.—Andrew Bonar Law, government leader in the House of Commons, announced that the government was arranging with France and Poland to withdraw the British troops from Syria and the assumption of the duties of occupation by the French and Arabs, pending the conclusion of the peace treaty.

War on Illegality
An Americanization bill to wipe out illegality in the United States, was reported on favorably by the senate labor committee. The bill would appropriate \$12,500,000 a year.

Melons Grown in the West

Britain is Defied By Sinn Feiners

Motion Pictures

Of German Crimes

Films Have Been Taken From Von Tirpitz Showing Actual Shelling of Sinking Vessels

New York.—Motion picture films taken from archives of Admiral Von Tirpitz in the former Kaiser's admiralty and showing actual vessels being torpedoed by German U-boats during the whole war, were brought here by J. H. Macknam, a Knight of Columbus secretary.

The films, which were destined for exhibition by Germany on the day of its triumph, were made by camera taken from a submarine which was commissioned to cruise about the Irish Sea and photograph merchant vessels after they had been attacked by U-boats. This boat took over 40,000 feet of film. The picture depicts the U-boats shelling four British vessels while those on the surface are being sunk by torpedoes and rafts. A torpedo leaving the tube of the submarine, speeding towards its victims, is also shown.

Estimates for the coming financial year, says the report, were laid before the house, and the necessary votes of credit were secured.

The six Sinn Fein members for Dublin have sent to the United States a copy of the alleged instructions for searching the effects of United States seamen. The letter says: "As these instructions are a violation of the trade of America with Ireland, we the elected representatives of the people of Ireland, will be in no way transmit copies of them to your government."

Stranded in England

British Government Has Been Requested to Provide for Canadians Now in Country

London.—The Canadian government will probably receive representations soon, urging the opening of a camp here for a very limited number of soldiers who took their discharge here, and now find themselves homeless.

It was also understood that although these men have now absolutely no legal claim for repatriation, it will be easier to grant this concession. If this is done, however, it is urged that some organization in Canada must be prepared to look after their arrival, otherwise this condition in Canada will be as bad as it is here.

Navy Must Retain Strength
Deputy Says Nation Would Fall to the Ground Unless Sea Force Is Maintained

London.—Earl Beatty, the new first sea lord, speaking here, declared that while public opinion was essential, our vast lines of communication were as important as before the war, and the navy was our insurance for maintaining them. The League of Nations was a pivot point for relieving the world of that insurance, and he hoped might be fulfilled, but the navy made us into a strong arm of the world, and without it the Empire would fall to the ground.

Explosion on Japanese Battleship
Tokyo.—The consequences of the Japanese navy, which the Emperor participated, were marred by an explosion on the battleship Hyuga in Tokyo Bay. Fourteen men were killed and thirty injured.

Co-Operation Asked in Scholarships
Winnipeg.—Co-operation of the provincial government in the plan to establish scholarships in Paris for graduates of Canadian colleges was asked by Hon. P. Roy, Canadian minister of education in Paris, at a conference here with Hon. Dr. R. H. Thornton, minister of education, and Premier Norris. Dr. Roy is confident that the plan will establish the three scholarships asked, which will be of \$1,200 and tenable for a number of years in Paris.

New Haven, Conn.—Mrs. Ella Wheeler Wilcox, author and poetess, died at her home, "The Bungalow," in Branford, recently. Mrs. Wilcox had been ill for some months, having had a nervous collapse. She was a well-known figure in the literary world.

Canada Wants Place in Governing Body
Washington.—Canada has filed a formal protest against the proposed international labor office to be established under the League of Nations. The point at issue is regarded by the Canadian delegation as one of the greatest questions. It involves the right of Canada, by reason of her industrial importance, to name one of the members of the governing body rather than to take her place as one of the nations of lesser importance, from the industrial point of view.

The international labor office (which will be controlled by the governing body), forms part of the permanent organization created to further application of the labor principles enshrined in the peace treaty. Its governing body is to consist of 24 members. Twelve will represent the employers' delegates to the international labor conference, six will represent the workers' delegates to the conference.

If the twelve government representatives, eight will be nominated by the members of the conference which are of chief industrial importance. The remaining four will be nominated by the other government delegates to the congress. The govern-

ing body will consist of 24 members, comprising which, eight nations are designated important. The League of Nations empowered each to name a representative on the governing body. The organizing body of the labor conference has reported in favor of the following:

United States, Great Britain, France, Italy, Belgium, Japan, Switzerland and Spain.

If German delegates are admitted to the conference, Germany, by reason of her industrial importance, will be entitled to a seat on the governing body, and Spain being at the end of the list will cease to be numbered among the nations.

New position taken by Canada is that she should rank as one of the eight nations of "chief industrial importance" and that she should be empowered a protest. The Dominion government holds that she is entitled to be so regarded on the grounds:

(1) Of production of goods.
(2) Of relative industrial importance.

When the council of the League of Nations convenes, and this is expected about June 28, the protest will be one of the first questions for education.

Women Dive For Shells
The Japanese industry of making buttons, scarves, slugs, etc., from the shells of the sea, has been brought from the Indian Ocean, the Philippines and the South Sea Islands, and is now being brought to the attention of the public. The shells are gathered from the ocean bottom by women divers, who work under the most difficult conditions. The shells are then made into buttons, scarves, slugs, etc., and are sold to the public.

THE NERVOUS SCHOOL CHILD
Needs Rich, Red Blood to Regain Health and Strength. Many children start school in excellent health, but after a short time, nervousness, examinations, hurried meals and crowded school rooms cause their blood to become weak and their color and spirits lost. It is a great mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They must be given the right kind of food, and their blood must be made strong and healthy.

Ministry denounces gambling, yet they keep on boosting the national game.
Premier Hughes continued: "Sa it was with New Zealand in Australia. Those who touch us touch Canada. Those who touch British Canada, they touch us."

Clemenceau And The Statue
Great Frenchman Does Not Take Kindly to Idea. The widely read Spanish-American Journalist, Enrique Gomez Carrillo, tells a story of Clemenceau, who was once induced to sit to Rodin for a statue. As usual, the great sculptor surrounded his work with an air of mystery, not permitting even his life-long assistants to inspect the work before its completion. When the moment for inspection at last arrived Clemenceau could not believe his eyes. "Is that I?" "Never!" I don't want that!" It was of no avail that experts pronounced the likeness perfect. "Let him change the nose, the mouth, the head, the eyes and that statue, and I'll accept the bust," said the "Tiger." To which Rodin responded that he had made the work less ugly than Clemenceau really was. "Well," was the latter's comment, "I'll that up, I don't want to know!" It is said that the great Frenchman to this day does not take kindly to the idea of a statue. "We old fellows look very ugly in marble. Let them carve their pedestals for the young folks."

In trying to kill time, women of uncertain years use a lot of powder.
"DANDERINE" PUTS BEAUTY IN HAIR. Girls! A mass of long, thick, gleamy tresses.

Let "Danderine" save your hair and double its beauty.
You can have long, thick, strong, lustrous hair, don't let it slip away from you, or grow thin, or falling, bring back its color, and make it shine.

Use a 3-cent bottle of Danderine.
Danderine is a drug or toilet product which will restore your hair, and falling hair. Your hair will grow again, thicker, longer, and its color, brightness and abundance will return—lustrous!

Modern Morals
"This last day or two morality is too lax for us."

The speaker was Jerome S. McWade, the Duluth millionaire.
This new morality, which seems in its tolerance rather to encourage than to rebuke, is certainly a new one. "This new morality, which seems in its tolerance rather to encourage than to rebuke, is certainly a new one."

Minard's Liniment Cures Diphtheria.
Odd and Interesting. Turtles lay from a hundred and fifty to two hundred eggs at a time. So spot in the British Isles is more than eighty miles from the sea.

What has been found growing in the Andes eleven thousand feet above the sea.
The business of the London Stock Exchange employs about 25,000 persons every day.

The escapement wheel of the watch makes 784,000 revolutions every twelve months.
CORN'S HAVE YOU ANY? If so, you want to try "Painful Corn Extractor." It is not a cheap cure, but a genuine cure that does remove corns in twenty-four hours. Be sure and get "Painful Corn Extractor," 25c at all dealers.

Queen Alexandra's Royal Relations
Probably no royal woman of our time has been so intimately related to such a large number of kings and queens as Queen Mother Alexandra. She is the mother of King George V, and the mother of King George VI. She is also the mother of King George V, and the mother of King George VI.

Mothers Value This Oil—Mothers
Who know or suddenly crowd and noise their children and how necessary prompt action is in applying it. Always keep at hand a supply of Dr. Thomas' Eucalypti Oil, because it is the best preparation for the treatment of all ailments. And they are wise, for its various uses render it a valuable medicine.

No Room for Reds
"Smash those who carry the red flag and those who follow it as you would a foreign enemy invading our shores." This was the advice of Maj. Gen. Leonard Wood in addressing a mass meeting of Chicago Slovaks.

Look for the store with an Ingersoll display.
ROBT. H. INGERSOLL & BRO. 100 ELIZABETH ST. MONTREAL, CAN.

SPRINGS' CO.
The only place in the world where you can get the best of everything. We have the best of everything, and we have the best of everything. We have the best of everything, and we have the best of everything.

Dollars saved by Bovril
Bovril used in the Kitchen means dollars saved in the Bank. It makes nourishing hot dishes out of cold food which would not otherwise be eaten. But see that you get the real thing. If it is not in the Bovril bottle it is not Bovril. And it must be Bovril.

Opportunities In Canadian Flying
Aircraft Will Give Impetus to Every Branch of Commerce. Major-General Sykes, controller-general of civil aviation, in an article in the Observer on the Colonies and Aviation, dwells on the great opportunities in Canada. He says aircraft can be employed to extend the influence of railways and will give an impetus to every branch of Canadian commerce. As an instance of their usefulness in development of virgin land, Major-General Sykes suggests an air route linking up Quebec with the Lake Superior terminus of the Canadian Pacific, from where the province might radiate toward Winnipeg and thence to Vancouver and other parts of the northwest provinces.

Aerodromes can be planned in the most convenient manner.
In Canada, instead of outside as in other countries. Aircraft might be used for discovering prairie fires, locating, patrolling, timber location and survey work. Map making by aerial photography should supersede the present costly and slow methods of trigonometrical survey. General Sykes concludes by expressing confidence in Canada's very great future in the air.

Dutch for Ex-Kaiser
The entire Dutch press joins in scathing criticism of an article advocating the surrender of the former German emperor for trial, which appeared recently in the weekly journal Nieuw Amsterdam.

Airplanes Used in Search
An airplane was put to novel service in Wyoming recently, when a Currier Oriole flew over the Red Desert—a desolate region of Fremont and Carbon counties covering thousands of square miles—in search of a lost oil camp employee.

Hurrah! How's This
Cincinnati authority says corns dry up and lift with Ingmo.

Hospital records show that every time you cut a corn you invite lockjaw.
Ingmo is a blood-purifying, skin medicine, which is used in the treatment of all skin diseases. It is a simple, safe, and effective method of treatment that can be used at home or in a hospital.

DISTEMPER
It is a wall paper that is made of paper. It is a simple, safe, and effective method of treatment that can be used at home or in a hospital.

During the reign of Edward IV.
It was forbidden to all people who had not an income of forty pounds a year to wear ermine or sable or chinchilla; in fact, they were not allowed to wear any but the cheapest of peltries—skins that today we could not purchase with several times a forty-pound income. Furs are a luxury and the skin of no animal is too small or too ordinary to serve as a trimming, or a lining, or as an entire fur cloak for the winter of 1919-1920. Even the goat and the mouse are included in the list.

The green grocer is in a position to acquire a lot of ripe experience.
Do not suffer from indigestion, heartburn, or any other ailment. Use Dr. Chase's Cataplasms. They are a simple, safe, and effective method of treatment that can be used at home or in a hospital.

NOTICE

To Hattie R. Averill.
TAKE NOTICE that an application will be made on the 8th day of December, A.D. 1919, at the hour of 10 o'clock in the forenoon, or as soon thereafter as the same can be heard, when the applicant herein will apply to a Judge of the Supreme Court of Alberta, at the court house in Calgary, under and by virtue of the provisions of Section 16 of the "Land Titles Act," for an Order directing the Registrar of the South Alberta Land Registration District to cancel the existing Certificate of Title at present in your name, covering all that property described as follows: Lots 14, 15 and 16, Block 96, according to a plan of the said Town of Clareholm, of record in the Land Titles Office for the South Alberta Land Registration District as "Clareholm 147-N," and directing the said Registrar to issue a new Certificate of Title to the above property, to Charles W. James, of the Town of Clareholm, in the Province of Alberta, Agent, the said applicant herein.
Dated at Clareholm, Alberta, this 20th day of October, A. D. 1919.

J. R. WATT,
Barriester,
Clareholm, Alberta,
